Kai Armstrong had to concentrate on the job at hand. It was simple enough, retrieve a stolen necklace. His first problem, the beauty Sonya Drummond seemed to wear it everywhere she went. Second, his body's reaction to seeing her pleasure herself stayed imbedded in his mind long after he left her apartment. Third, he had to keep his feelings in check and focus.

Sonya only wanted to wet her appetite and what better way to do it than on a singles cruise. Sonya gets her fill and so much more from Kai. When she is matched up with the fine specimen she recently bumped into, a game of Truth or Dare takes on a whole new meaning. If you don't have a partner to play with you'll be searching for one real soon after reading this tale.

Sonya's dream vacation quickly turns into a nightmare when she finds herself in jail, dodging bullets and being at the mercy of the man who believes she is a thief. A man her heart and body quickly grew accustomed to. Even when danger is lurking at their footsteps, these two can't seem to keep their hands off of each other.

This author does a wonderful job of bringing the hot details of this story together. I enjoyed it from beginning to end.
