Erotic e-book

In feudal Japan, war and famine tear through the countryside, and demons lurk in the darkness. Two young men struggle together on the outskirts of a ravaged village: the strong yet kind Liu Sakurai and his beloved, gentle hearted Kiyoshi. And as their friendship endures the endless hardships, their bond grows into something more...

When the summer night brings a mysterious stranger to their door, the most dangerous desires of their dreams and nightmares are awakened. Blood now binds Kiyoshi and Sakurai together were once love did, but can this tie last an eternity?

The writing team of Barbara Sheridan and Anne Cain have created a recipe for a erotic, exotic, and sensual world to place their stories in. Japan several centuries ago is a time that had its own code of honor and style. The authors here have done a great job of capturing the flavor of the time, and left their own bold imprint of passion and sensuality.

The plot is at times a sweet story of the love between two young men who have grown together from being little boys, at times an erotic and explicit male/male romance, and at times a dark and almost gothic story of vampires and eternal life. The authors handle such broad and sweeping elements smoothly and with ease. This is the second book they have set in The Dragon's Disciple universe, and I look forward to many more.
